

Dow is a diversified chemical company that combines the power of science and technology with the “Human Element” to constantly improve what is essential to human progress. Dow is committed to bringing solutions to the world for some of the most serious problems we face today – including those faced by the most vulnerable members of our society. We are inspired to use our knowledge of chemistry, science and technology to deliver breakthroughs in sustainable chemistry – the very heart of our company.

## Dow's Mission:

To constantly improve what is essential to human progress by mastering science and technology.
